Experience

Associate Professor: Master's in Computer Vision September 2024 – Present
Universitat Autònoma de Barcelona

Associate Professor September 2022 – Present
Universitat Autònoma de Barcelona

Research Fellow December 2021 – September 2025
Computer Vision Center

Research Internship June 2020 – November 2021
Computer Vision Center

Publications

Linear-Time Context Compression with State-Space Encoding
- arXiv:2610.33006

ICDAR 2026 Competition on Long-Term Handwriting Author Identification
- Document Analysis and Recognition–ICDAR 2026: 20th International Conference, Vienna, Austria, August 31–September 2, 2026, Proceedings, Part IV

Synthetic dataset of ID and Travel Document (SIDTD)
- Scientific Data.Nature.11-1356

GeoContrastNet: Contrastive Edge Learning in Graph Attention Networks for Document Understanding
- ICDAR 2024.Springer Nature.14804,pp.294-310.ISBN 978-3-031-70533-5

Recurrent Few-Shot model for Document Verification
- ICDAR 2024.Springer Nature.14804,pp.51-62

Discriminative Neural Variational Model for Unbalanced Classification Tasks in Knowledge Graph
- 2022 26th International Conference on Pattern Recognition (ICPR). IEEE Xplore. 29. ISSN 2831-7475, ISBN 978-1-6654-9062-7

Seminars

Seminar on Knowledge Graphs May 2026
- Seminar on Knowledge Graphs for the Summer School on Document Analysis

Introduction to Machine Learning and Deep Learning January 2026
- Seminar for selected high-school students participating in the Bojos per la IA program, organized by IIIA-CSIC as part of the Bojos per la Ciència initiative

Introduction to Deep Learning December 2025
- Seminar for PhD students in the Computer Science PhD program at UAB

Education

Autonomous University of Barcelona Barcelona
PhD: Studying the Effect of Integrating Numerical Methods on Efficient Learning of Graph-Based Representations *2025-2028*

Computer Vision Center Barcelona
Master's Degree in Computer Vision and AI *2023-2024*

Autonomous University of Barcelona Barcelona
Bachelor's Degree in Data Engineering *2018-2022*

Technical Skills

Languages: Spanish, Catalan, English
Programming languages: Python, Bash, Linux, Docker
Relational Databases: Postgres, Redshift, MySQL, MariaDB
Non-Relational Databases: MongoDB, Neo4j
Machine & Deep Learning: PyTorch & PyTorch Geometric, torchdiffeq, OpenCV, Weights & Biases (W&B), Hydra
